

Popsicle Stick Catapult

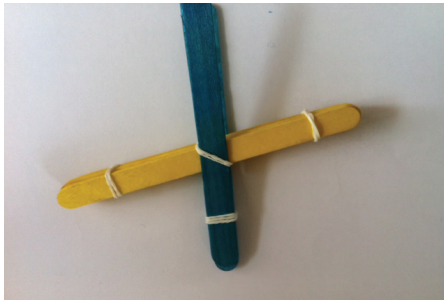

Step 1: Make a stack of 5 sticks and add elastic to each end. Join other two sticks with elastic on one end

Step 2: Place the large stack in between the small stack

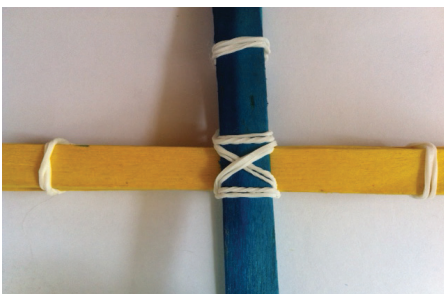

Step 3: Place an elastic right over all layers, fold over and repeat

Step 4: Do the same in the opposite direction

Step 5: Add two more elastics on each side

Step 6: Glue your plastic top onto your top stick, load some pom poms and fire!
